Fulfillment of Requirements of Office Paper Dated December 6, 2006

Sir,

Applicant hereby acknowledges receipt of the Office paper dated December 6, 2006 in the above-captioned Application for patent, which was a Notice of Drawing Inconsistency with Specification, a copy of which is herewith enclosed for your convenience in reference.

The Office paper dated 12/6/06 indicated that figures 30a and 30b are listed in the Brief Description of the Drawings of the specification but not contained in the Drawings, and the Figure 30 is contained in the Drawings, but is not listed in the Brief Description of the Drawings in the specification.

Applicant submits herewith drawings figures 30a and 30b. Each of these sheets contain the notation "REPLACEMENT SHEET" in their margins.

It is respectfully requested that Figure 30 referred to in the Office paper dated 12/06/06 be replaced by the sheet labeled as Fig. 30a enclosed herewith, and that the sheet labeled as Fig. 30b enclosed herewith be included in the drawings, to remedy the inconsistencies.

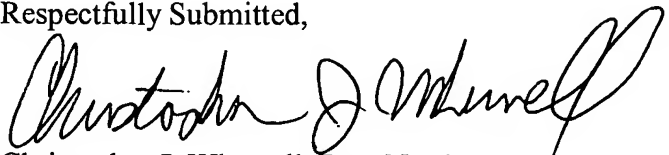

No new matter is contained in these drawings. Instant FIG. 30a submitted herewith is identical to the drawing previously labeled as Fig. 30, and Fig 30b submitted herewith is a side view of Fig. 30a. Submission of the drawings sheets herewith is believed to satisfy the requirements of the 12/06/06 Office paper. The enclosed Fig. 30a and Fig. 30b are the proper ones to which the specification refers.

It might be appear at first glance that enclosed Fig. 30b is a new drawing sheet. However, this is not the case. Fig. 30b was contained within the drawings of the provisional application to which the instant Application properly claims priority to and incorporates by reference. Thus, a sheet labeled as "30b" already exists in the case, and the notation of "REPLACEMENT SHEET" on Fig. 30b is proper.

Thus, Applicant believes that the notation of "REPLACEMENT SHEET" on each of the drawings figures submitted herewith is proper. However, if this is not to the satisfaction of the Office, Office personnel are kindly invited to contact the undersigned agent, in order that we may timely provide a remedy. Kindly note that a paper was filed 12/23/06 requesting the Office to kindly take notice of the Change of Correspondence Address that was filed in September 2006 in the instant matter, directing correspondences to my office location, as specified below.

Applicant is grateful for consideration received.

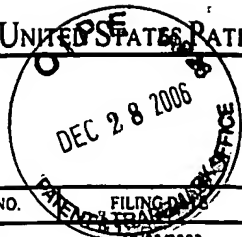

Respectfully Submitted,
